

Picture
your life
with Origin

Welcome to your dream home, welcome to life with Origin.

Open spaces,
Fresh air,
Big skies.

Take a moment to appreciate these simple but rewarding things. Your life in widescreen. Slow down the pace of life, live in the moment and admire your surroundings.

Welcome to the Origin vision.

The stunningly designed Bi-fold Doors that open up rooms and merge the inside with the out, the elegant windows that not only look beautiful, but let in more light, and the made-to-measure blinds that add a touch of inspiration to any surroundings. The Origin complementary product range will make this vision a reality.

Let Origin make summer days longer, winter evenings brighter and connect your home to a garden or terrace like never before.

A complete transformation not only to your home, but to your way of life.

A perfect fit, a
unique style.

Relish the
beauty in
every detail.

All the little details just as you want them.

There's nothing like having something tailored just for you.

That's why we custom design and build every Origin product, to make sure it's exactly right for you and your home.

The bespoke aluminium bi-fold doors, windows and made-to-measure blinds offer the style, sophistication and security that any home deserves.

Skilfully designed, beautifully made and exquisitely finished, Origin will open up space, invite in natural light, remove barriers between the inside and out and realise the potential of your home.

Complementing traditional or modern styles, Origin gives a home a new lease of life with timeless classic design.

From your preferred handles to your choice of threshold design, including even height inside and out, if you wish.

depend on it...

When considering bi-fold doors or a new window system, frame strength is an important factor.

Origin uses a premium grade, energy efficient aluminium as it's a strong and durable material, yet enables the frames to be narrow and aesthetically pleasing.

Aluminium is by far the most recycled material in manufacturing, and an astonishing 75% of all aluminium sourced in the 1880s is still in use today. Origin is proud to use 100% recycled aluminium for its Bi-fold Doors, Windows and Blind cassette enclosures.

The powder coat finish is extremely hard wearing and resistant to scratches and colour fading. So, it's not only visually stunning, but also ensures low maintenance and dependable security.

No hassle.

To learn more about aluminium's benefits in comparison to wood or PVCu, please [click here](#) 

peace of mind...

Engineered into every Origin product is unrivalled durability, long term performance and of course, an elegant and stylish design.

Origin designs and manufactures everything in its state-of-the-art Buckinghamshire based factory to ensure total quality control.

Origin prides itself on premium quality, and the fact that all operations are kept in-house safeguards that testing can be undertaken to an exceptional standard. All of which allows Origin to offer a 20 year guarantee on all Bi-fold Doors and Windows.

20
YEAR
GUARANTEE

love winter as much as summer

The Origin Bi-fold Door and the Origin Window have been cleverly designed to keep you warm when it's chilly and cool when it's hot.

With a certified U-value of 1.3 on the Bi-fold Doors and 1.5 on the Windows, they comfortably outperform British Building Regulations.

Origin also use some of the most sophisticated weathertight seals to keep the elements out.

In real terms, this means energy bills will be reduced as well as helping make your rooms usable all year round.

colour it! match it! contrast it.

Whatever the style of home, Origin Bi-fold Doors and Windows are available in 150 different RAL colours, so there will be one to suit.

Origin also offers the option of choosing a different colour inside and out, so creating your own unique look is easy.

The most popular colours are available on Origin's industry-leading 'Your Lead Time, Not Ours' delivery promise. Ranging from Hipca White to Jet Black and all of the metallics inbetween, these colours can be ordered to fit your schedule, so you have your bi-fold doors when you need them.

Also included in this delivery promise are the ever-popular, stunningly authentic wood grain finishes, and the Origin Window also offers a reduced lead time on these colours.

make a statement

However, whether you prefer subtle or more outrageous, don't worry...

Looking for the wow factor? Whether you want to make a dramatic design statement or perfectly match a particular room's mood, your chosen colour can be tailored to your home as much as the Origin Doors and Windows themselves.

Nine unique palettes have been created, each featuring ten shades following a particular theme.

Choose a colour that complements your decor or go for a bold contrast - the choice is yours.

From Urban Chic via Beach Hut to Gentleman's Club, there'll be a colour that truly suits your individual style.

With over 150 RAL shades available, you can make your home everything you've ever dreamt of.

handle it!

Handles do a simple job.

Origin Bi-fold Door and Window handles just do it so much better.

The handles of an Origin product are its primary point of human contact. They must blend reliable functionality with tasteful aesthetics and real world ergonomics.

When you hold them, they must communicate safety and robustness.

That's why Origin's handles are given the same attention to detail as every other component. Whether you choose premium stainless steel or colour co-ordinated ones, you can be sure of a contemporary handle that offers the same faultless service as the doors and windows themselves.

bi-fold doors

Origin Bi-fold Doors are completely bespoke to your requirement.

Specify your size, your configuration, your colour schemes, finishes and handles and leave the rest to Origin. This level of personalisation ensures a door that is not only completely tailored to your home and requirements, but will also complement your style.

With a flawless performance, the movement of an Origin Bi-Fold Door is as elegant as the timeless looks. The doors glide along their track as smooth as silk, the result of a combination of superior engineering and innovative design features such as high grade aluminium frames, unique free-glide roller system and the longest lasting powder coating available.

That's why they're guaranteed to perform faultlessly for at least 20 years.

open
wide and
say aaah...

safety first... and last

With children around especially, you want to know they're not going to come to any harm. So all Origin Bi-fold Doors use special 'finger safe' gaskets to make sure little fingers don't get trapped.

Other clever, innovative features include the special threshold design to allow for equal floor finishes inside and out, removing any barriers and making it ideal for disabled access.

Origin Bi-fold Doors also feature strong magnetic catches to prevent slamming and look after you while you're out, too.

Shoot bolts, deep throw hooks, special hinges, handles and cylinder all combine in a multi-point locking system that conforms and out performs all current security testing standards.

optimum
security

tailor it!

Because each door set is custom-made, Origin's design team can help you, your builder and architect make the ideal use of your space.

Ranging from one door sets to eight door sets, and with a choice of individual door widths from 400mm up to 1200mm, Origin Bi-Fold Doors will fit most openings, however big or small.

Where rooms have a more unconventional layout, Origin can manufacture bay and 90° corner sets with or without corner posts, meaning a dark corner can be turned into the light-filled focal point of your room.

Configure your doors 

our handle range

choose your configuration

Choosing your Origin Bi-fold Doors has never been easier.

If you know your rough opening sizes, find the nearest opening measurement in the table below and scan down the column to view your possible door options.

Alternatively, if you're set on a particular number of doors and you are designing your opening around your doors, select your preferred number of doors in the left column and scan across to identify the opening sizes available to you. Remember, every door we manufacture is bespoke and manufactured to your exact sizes and chosen configuration.

windows

The Origin Window embodies traditional craftsmanship by combining a unique aluminium flush casement with contemporary hardware and slim sightlines.

Particularly prevalent in countryside dwellings, 19th century timber windows are synonymous with flush casements and the Origin Window captures the beauty of this traditional style.

Every Origin Window is completely bespoke and manufactured to the exact sizes provided.

Types available include a standard window, fixed sashes and bay configurations as well as gable end windows.

designed to be safe...
and **secure**

The Origin Window is not only attractively designed, but is also incredibly safe and secure...

Using the industry renowned Yale Encloser lock's innovative bi-directional locking technology, the Origin Window blends sophisticated style and elegance with the very latest in high performance and high security locking mechanisms for a truly secure system.

High security stainless hinges offer unrivalled compression through a unique patented hinge geometry, comfortably outperforming the demanding security tests and standards. The hinges are also specifically designed to reduce the possibility of finger entrapment.

blinds

Find the
perfect finishing
touch...

You've got two of the finest home improvements around. So now all you need is matching made-to-measure blinds.

Naturally, they're not just any old blinds. Like all Origin products, each is hand made in the UK.

The ultimate in opulence, Origin electric roller blinds come in a wide range of beautiful fabrics in up-to-the-minute colours, prints and textures.

The cleverly concealed mechanism is operated remotely or using a wall-mounted touch screen, and can even be programmed to open and close at sunrise and sunset, helping keep heat in to reduce energy bills.

taylor made

While Origin's Bi-fold Doors and Windows create a wonderfully light, airy feel, you'll find matching blinds not only enhance the look, but offer a practical way to perfectly adapt your home to different light and weather conditions.

The made-to-measure blinds work to control your room temperature, preventing heat build up in summer and stopping it escaping in winter - helping you feel more comfortable all year round.

Open, they allow a completely unobstructed panoramic view. Closed, they help your room feel cosy and warm as well as keeping your home safe from prying eyes.

BRITISH
designed & manufactured

skill. passion. attention to detail.

There really is no substitute for the true craftsman's touch. That's why every Origin Bi-fold Door and Window is designed, manufactured and assembled here in the UK. Every frame, every door, every component; you'll notice the pride in everything we make.

Despite being a family business, we're far from traditional - our impressive Buckinghamshire-based factory is one of the most advanced around. Being UK-based has other advantages too. It means we can offer you a better service. Depending on the options you choose, our products can be with you in days, not weeks (the fastest and most flexible service in the industry).

Once you have a rough idea of what you're after, Origin has a friendly, efficient and knowledgeable service team that will be able to answer any questions you may have, advise on available options and direct you to one of our nationwide accredited trade partners. Here you will be able to feel and appreciate the quality behind Origin products.
